POOL FITNESS

## AEROBIC KICKBOXING

Traditional mat based pilates focusing on core strength and stability. This class is designed for everyone whether young or old, athletic or sedentary.

Low impact aerobics using kick boxing moves. You'll kick, punch and groove your way to a brand new body in this action-packed, super fun, super safe and effective cardiovascular workout. You do not need to be a dancer or familiar with dance moves to enjoy the class and get your heart rate up.

This HIIT class involves various workouts that are similar to "crossfit" style WODs (Workout of the Day). The instructor changes the class up every day. Moves involved can range from core routines, Olympic weightlifting moves, cardio, body weight exercises etc. You will enjoy the variety! Time will vary.

## Joint Works

## CYCLE FIT

RIPPED is a 60-minute barbell program for able-bodied men and women of all ages and all fitness levels. Matching movement to music and using traditional strength training allows participants to work at their own level. This is the perfect tool for instructors looking to breathe life back into their barbell classes.

## YOGA

ACTIVE YOGA: Active yoga consists of faster paced movements that will help challenge your muscles and help you break a sweat. Following the strength portion of the class, participants can relax for another 15 minutes as you are guided through a relaxation segment to bring the class to an end. Class times usually run 1.25 hours.
